GREAT AUDIO MADE EASY

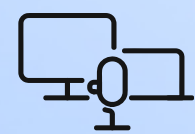

RISE ABOVE THE NOISE

With its riser attached, Wave Neo is positioned at an ideal distance from your mouth—so listeners hear more of your voice and less noisy keyboard clacking.

SET UP IN SECONDS

Just plug in to a computer and select your microphone. It's ready right out of the box, no additional equipment or software needed.

ONE MIC FOR EVERYTHING

Wherever you speak, Wave Neo fits right in. From your home laptop to the office Mac, iPad, iPhone*, and even PlayStation consoles.

**May require Lightning-to-USB adaptor*

SHARE JUST ABOUT ANYWHERE

Sound your best in the apps you use most, whether you're meeting over Teams, sharing moments on TikTok, or in Discord voice chat.
