

KEY LIGHT NEO

GREAT IMPRESSIONS MADE EASY

SET UP IN SECONDS

It's ready right out of the box. Just connect to a USB port, plop it on your monitor, and turn it on. No additional equipment or software needed.

SEE THE LIGHT, NOT THE GLARE

Key Light Neo features the same iconic edge-lit architecture found in all Elgato lights. It completely eliminates hotspots and glare, so you can work, play, or meet for as long as you want.

CREATE YOUR SIGNATURE LOOK

Say goodbye to chasing daylight or rearranging lamps. Now, you dial in light settings that resonate with your personal brand, and you stay on brand come rain or shine.

FROM SHOWTIME TO DOWNTIME

Hop between video lighting and desktop illumination with a press of button. Key Light Neo comes with two presets—one warm, one cool—but you can easily fine-tune your own.
